Dear Vince

Subject : Testimonial for Nature One Products

I just wanted to let you know how I was getting on with your products - Heavy Duty Cleaner and Odour Eliminator - I love them. The Heavy Duty Cleaner is brilliant, it has a great smell, is easy to use, no chemicals and really works..... I use it all the time in the kitchen and bathroom and I even use it on the BBQ. I wouldn't have thought a combination of essential oils would do such a great job.

The Odour Eliminator is sensational, the odours truly are eliminated.....in the kitchen, bathroom and lounge; because it is completely safe to use it's great when you have pets and pot plants... I must admit we use it all the time, sometimes not to get rid of odours but as an air freshner and the great smell from the essential oils.....

Thanks Vince, great products and we will continue to use them.

Regards

Sharon Ross
